

## DATABASE INFORMATION SHEET

It is our hope that by recording all details of Parti and Phantom coloured poodles onto the database everyone interested in these colours will be able to find out more about, not just the colours, but also the breeding of all parti's and phantoms in the UK. In order to do this we very much hope that anyone with a parti or phantom of whatever size will send us their details. This then becomes a very useful tool when trying to find suitable dogs for breeding. It will also be a record that we can present to the Kennel Club, when we endeavour to get the colours recognised by them.

PLEASE ATTACH A PHOTO OF THE DOG IF POSSIBLE AND THE DATE TAKEN

Registered name of dog .....

Sex: Dog / Bitch    Neutered / Entire    Date of birth .....    Stud Book No: .....
